**(B) Declaration of an optional major and/or minor(s)**

Students can declare an optional major or up to two minors from Year 2 onwards. They can make the declaration on SIS and revise it during the course selection periods up to Semester 1 of their Year 4 studies. If any changes on the major/minor declaration are required afterwards, please approach the Faculty Office for approval. Completion of a major/minor will not be shown on the transcript if students did not make the relevant declaration on SIS during their BA(HDT) studies. Please note that a course cannot be double-counted to fulfil the requirement of more than a major (or a minor).

### **(C) Semester study load**

The normal study load is 30 credits in Semester 1 and Semester 2. Students may take 24 to 36 credits without seeking the Faculty's approval in these semesters. The maximum number of credits to be taken in one academic year (including the summer semester) is 72 credits. With the special permission of the Board of the Faculty, students may exceed the annual study load of 72 credits in a given academic year, provided that the total number of credits taken does not exceed the maximum curriculum study load of 288 credits for the normative study period of four years, unless students are required to make up for failed credits ([Reference: BA\(HDT\) Regulations, provision AHD4](#)).

Concerning the calculation of semester study load, the credits of "full-year" courses (e.g. 12 credits) will be divided equally between Semester 1 and Semester 2 (i.e. 6+6 credits).

### **(D) Late add/ drop of courses**

Requests for changes of enrolled courses after the designated add/drop period of the relevant semester shall **not** normally be considered ([Reference: BA\(HDT\) Regulations, provisions AHD3](#)).

Students' course selection in SIS **should not** result in any timetable clashes as this will affect students' class participation, and thus the final results, of the courses concerned.

### **(F) Special requests**

If students wish to make any of the following special arrangements for course selection related to their BA(HDT) studies, they have to apply for approval of the Faculty Board by completing the relevant application forms, which are available at <http://arts.hku.hk/current-students/undergraduate/forms>:

- Exemption from compulsory/prerequisite courses for fulfilling the requirements of the University, BA(HDT) curriculum, majors/minors or individual courses

The completed application forms should be submitted to the Faculty Office in accordance with the instructions specified on the respective application forms.

Students are required to complete not fewer than 240 credits including all the compulsory courses/requirements in order to graduate. To make up for any failed credits, students may retake the failed course(s) or take (an)other course(s) in lieu, whichever is appropriate.

If students need to take more than 36 credits in a semester to make up for the failed credits/outstanding requirements, they need to make an application to the Faculty Office as stated on Section F.
